

DEMYSTIFYING THE CLASSROOM

turning loneliness into learning

The program offers three segments for educators:

1

Professional Development Vodcast

A free, brief educational vodcast tailored for staff/team meetings. This vodcast delivers insights into social inclusion best practices and guides educators on implementing the Puppet Program Kit with their students.

2

Puppet Program Kit

A free toolkit sent directly to your school, equipped with the necessary resources for implementing our signature Puppet Program with students from PreK through Grade Three.

3

Online Course

A free online course is available to educators who have participated in the Professional Development Vodcast and seek additional training and resources.

ABOUT THE PROGRAM

Friend 2 Friend Social Learning Society introduces a new program titled ***Demystifying the Classroom***. This user-friendly resource is designed to assist educators in implementing the Social Emotional Learning (SEL) curriculum for students from PreK to Grade Three across British Columbia Canada.

PROGRAM BENEFITS

Demystifying the Classroom offers numerous advantages to schools throughout British Columbia:

- Aligning with the SEL Curriculum for grades PreK through Grade Three.
- Offering a free educational resource accessible to all schools and educators throughout the province.
- Providing easy-to-implement and straightforward resources.
- Contributing to students' social-emotional development.
- Fostering an understanding of diversity.
- Promoting social inclusion within the school community.
